

# Monitoring logistics update

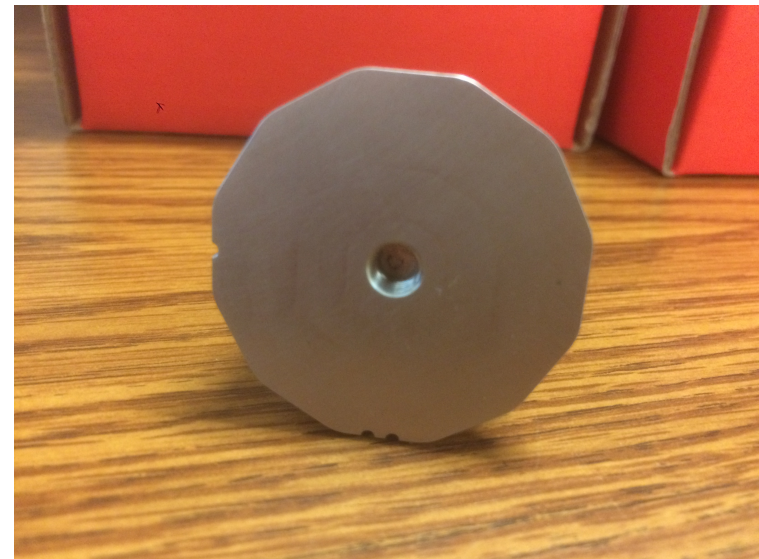

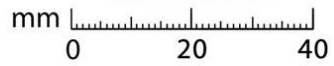

John Hardin, Yunjie Yang

MIT

# Updates since last meeting

- All sensors have arrived, including
  - cameras from Greg
  - some connectors
- Steady progress is being made:
  - “Code bureaucracy” for LORD system done
  - All 8 accelerometers integrated and tested
- Will show some pictures

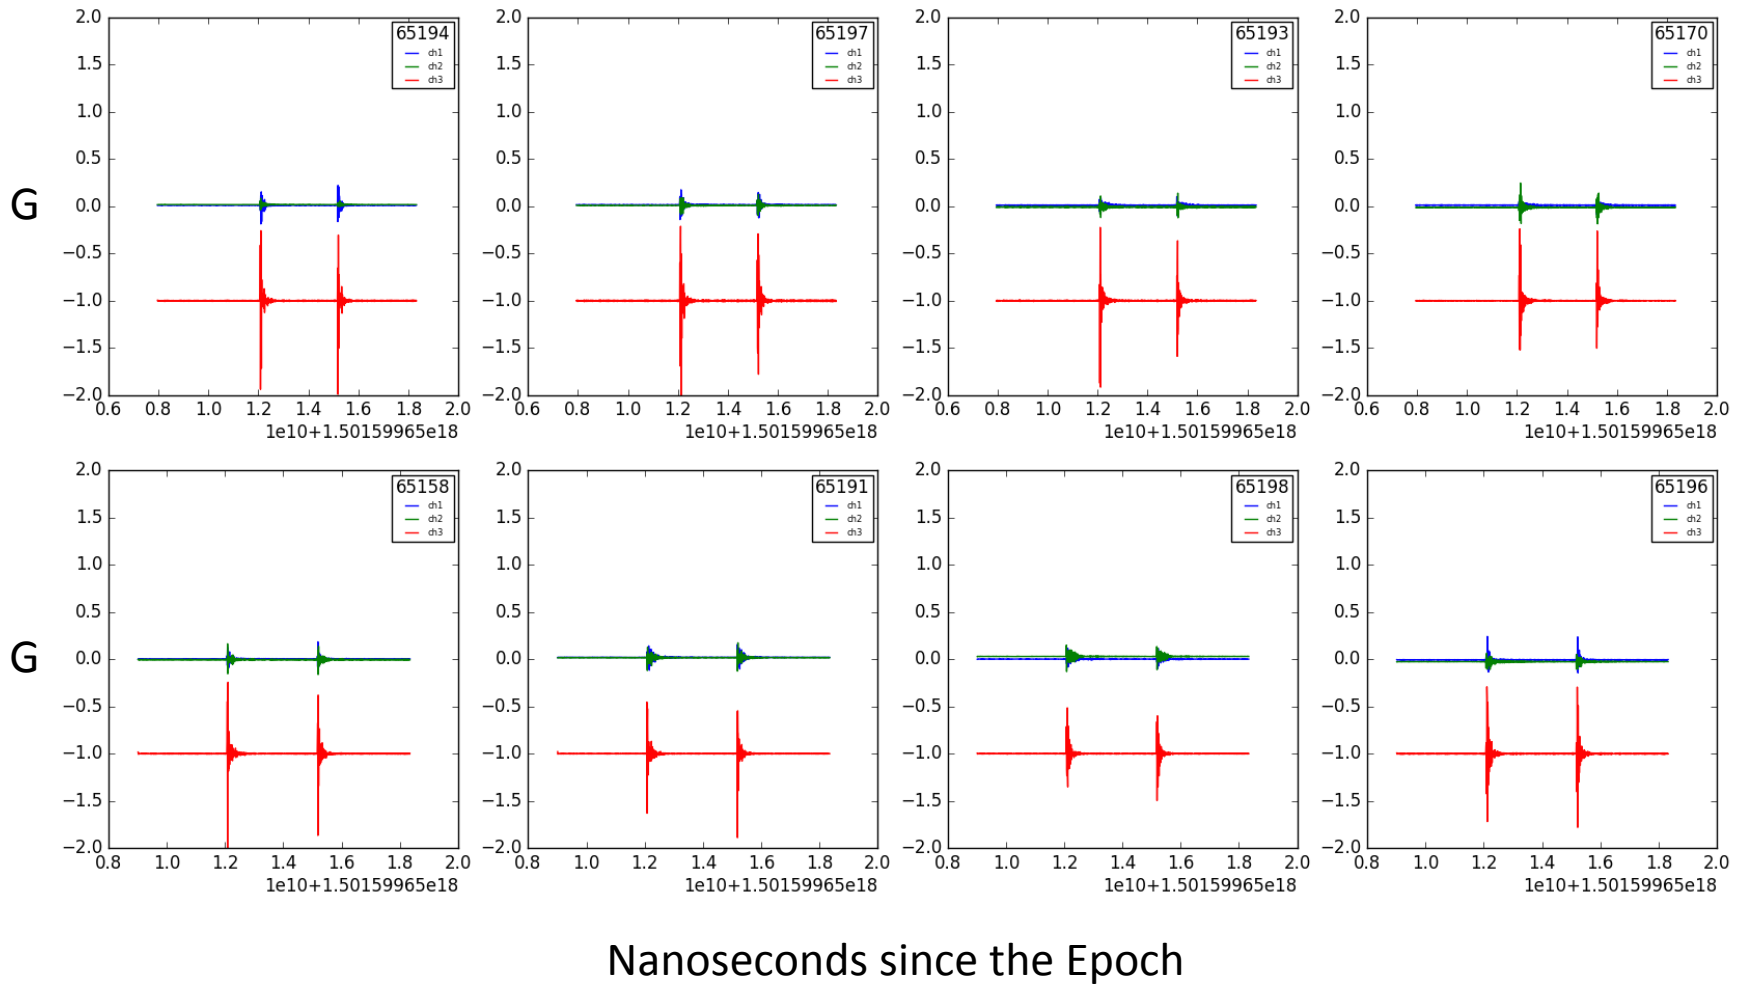

# Accelerometers

# Response to Shock

0801\_11:00:58--0801\_11:01:08

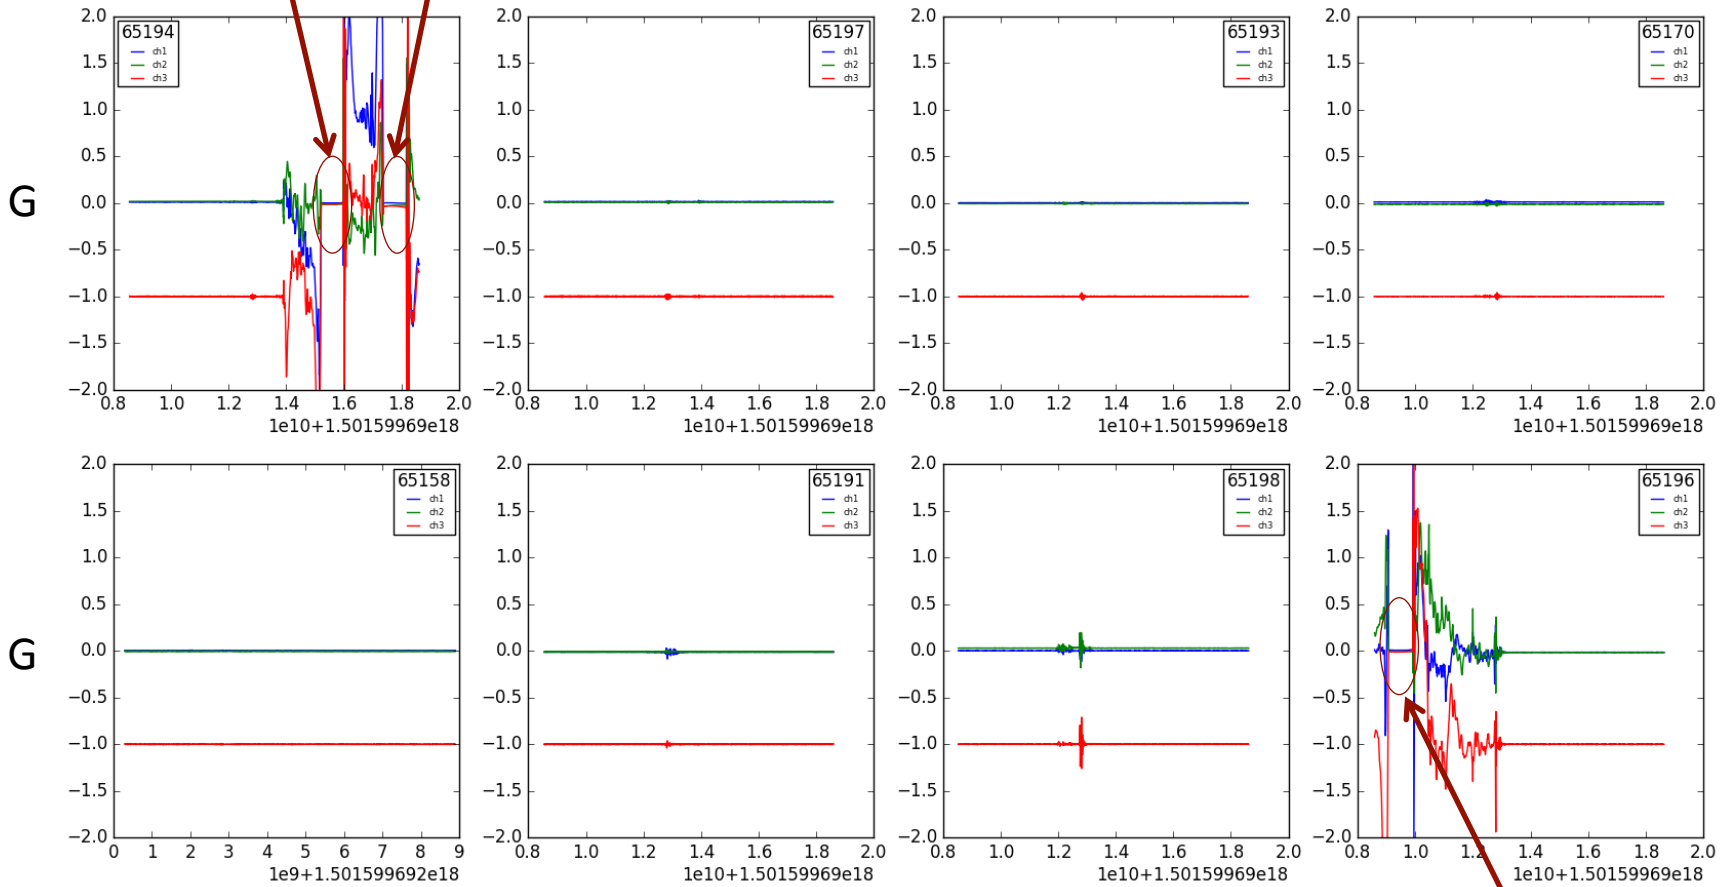

Sampling rate: 128 Hz

# Free Fall

0801\_11:01:38--0801\_11:01:48

Sampling rate: 128 Hz

Nanoseconds since the Epoch

# Next

- Integrate other sensors into the pipeline
- Maybe send some accelerometers to IU for fixture testing?
